About:

An enthusiastic and reliable IT support engineer, with extensive practical experience on hardware and software, operating systems and basic computer programming. With a proven ability to administer and control the operation, configuration and maintenance of computer based information systems. Familiar with electronic equipment, Internet applications and network support, eager to develop new skills from a challenging position in the field of technical support and network engineering. Possessing an excellent team spirit, deadline orientated, now looking for a suitable position at a dynamic company that offers room for further progress.
